

Ø1.6in diameter bolt circle with
0.275 diameter through holes located as shown

Ø1.3051in
Ø1.9696in

Ø5.4in
Ø0.197in through hole

— 0.2in

— 0.15in

Ø5.0604in diameter bolt circle
with (4) 0.1100 diameter through holes
equally spaced (as shown)

Ø4.2in diameter bolt circle with
0.275 diameter through holes located as shown

Ø4.5527in
Ø3.8749in

(4) 3/56 blind tapped holes 0.15" deep
located symmetrically about the
30deg centerline at shown angles,
on bolt circles shown on the left
The pattern is repeated every 90deg
